

Remarks

Withdrawal of prior rejections is acknowledged with appreciation.

Claims 14, 15, 31, and 32 currently stand rejected under 35 U.S.C. 112, first paragraph, as allegedly lacking enablement for preventing migraine. Though Applicants disagree with this characterization, the claims have been amended to remove the disputed subject matter in an effort to facilitate allowance of the remaining subject matter. Withdrawal of the rejection is respectfully requested.

The Claims 9 and 30 currently stand rejected under 35 U.S.C. 112, second paragraph as allegedly being ambiguous. Although Applicants disagree with this characterization, the Claims have been amended to remove the disputed terminology as suggested by Examiner, in an effort to facilitate allowance. It is believed that the scope of the Claims is unaffected. Withdrawal of the rejection is respectfully requested.

It is believed that all rejections have been obviated and that the Application is condition for allowance. Timely passage to allowance is respectfully requested.

Respectfully submitted,

/R. Craig Tucker/
